WORK EXPERIENCE

IUPUI DUE

July 2020 - Present

Office of Communications

Web Management Intern

Manage content across for 50+ websites using WCMS.

Use Salesforce to design emails and manage data extensions for email campaigns with 1000+ recipients.

Train incoming interns and coordinate on tasks with team members.

Independently work on assigned projects, organized with project management software.

TECHNICAL PROJECTS

Bandcamp Web Scraper and Data Visualizer

January 2021 - May 2021

Fullstack web application built for my Computer Science senior capstone. Scraped data from the Bandcamp website and organized in a postgresSQL database. Used the data to create interactive plots that displayed relationships unseen on Bandcamp.

Tools and Languages : Python, postgresSQL, Javascript, GraphQL, TypeORM, Apollo, React

Portfolio Website

December 2020 - January 2021

Static website created to showcase my projects and experience.

Tools and Languages : HTML, CSS, Javascript, jQuery, Bluehost, Cloudflare
